

Are AOBO uhome batteries any good?

The Aobo Uhome batteries have very limited performance reduction compared to many Lithium batteries; they remain at full capacity down to zero degrees. In addition, each battery has superior charge and discharge rates of 30Amps which means faster charge and discharge capability.

How does the AOBO uhome 2400 battery work?

Each Aobo Uhome 2400 battery has an individual modem inbuilt, which means simple connection of each battery to the internet allows specific monitoring, technical support and future upgrades should it be needed. Unlike most Lithium batteries available on the market our Aobo Uhome 2400 will remain at full capacity down to zero degrees.

Can AOBO uhome batteries be connected in parallel?

The Aobo Uhome batteries can be connected in Parallel for use in low voltage systems such as for most domestic solar or can be connected in series to create high voltage capacity. All our Lithium batteries storage systems can be supplied and fitted with 1 to 8 batteries.

De batterijen van AOBOET hebben allemaal een uniek inge-bouwd monitoringssysteem. De batterij kan vanop afstand volledig worden uitgelezen. Zo kan de serviceafdeling even- ...
