

Why should you choose Mysol?

More than 9 million people have benefited from increased health and prosperity thanks to our solar energy solutions. With MySol, we offer the widest range of PAYGo solar home systems throughout Africa and our certified and quality assured kits have been proven in the field since 2011.

What is a Mysol lighting system?

Our entry-level MySol system meets basic lighting needs, while enabling customers to access useful upgrades. It is a clean, safe and economical alternative to kerosene and is the lowest cost possible without sacrificing on quality. It powers:

Is Mysol PAYGO a good investment for small businesses?

Our most powerful MySol PAYGo system for small businesses is a productive investment as it has enough capacity to cool drinks, charge phones and provide TV entertainment. It includes: Essential off-grid services require big capacity, high-quality systems with reliable after-sales service.

Our MySol Grid project pipeline. Our short-term (by 2024) pipeline of MySol Grid projects will scale through pilots to de-risk new country developments, bilateral collaborations, participation in tenders or RBF programs.. Country selection criteria depends on the existence of a sufficiently large market potential for Mini-Grids in the country, a supportive regulatory framework and the ...
