Bunker's Hill Battery could well have been manned by the St Helena Artillery Regiment during Napoleon's period of captivity on the Island during 1815 to 1821. In 1824/25 it was listed as still amounting a 24 pounder cannon, and in 1850 it was shown on the St Helena Military Map by Captain Palmer as a Battery with a reference number.

To check the battery voltage of a home standby generator, access the maintenance menu and interpret the system status to determine necessary actions. For routine maintenance, inspect and clean battery connections while also addressing corrosion. Follow guidelines for choosing and replacing the battery, including proper disposal.
