The BLUETTI EB240 portable solar power station (EU version) is a clean alternative to a petrol-powered inverter generator, producing 1000 W of continuous power and 1200 W of peak power. We will be releasing

Bluetti power station 2000 watt Central African Republic

the high power unit this year to ensure that you always have the latest features and functions of this technology.

The cost? Well, obviously, it's not cheap. At \$1,599 it's pitched to compete with other larger power stations, such as the EcoFlow Delta 2 Max, or the Jackery 2000 Pro. These competitors have similar power output and input capabilities, but the Bluetti has an edge on solar input over the EcoFlow, and it trounces the Jackery's input speed.

The BLUETTI AC200P portable power station is a beast, with a whopping 2000Wh capacity and strong 2000W inverter that can power 99% of home devices. And with ultra-safe LiFePO4 battery cells and premium BMS tech, you can rely on it to last longer than a decade.

The AC200MAX's slightly higher capacity provides more usable power for running appliances and electronics during power outages. With the AC200P you get 2000 watt hours of energy storage and the ...
