

The RMT advisor told me that the RMT is sort of superior in terms of pay and education you would receive, as well as much more difficult than bodywork. I'm just having difficulty in knowing if an RMT would be considered a healer in terms of using massage as a tool to help people with issues they are having, and not a sort of doctor or medical ...

If you are a massage therapist and you hold a current membership with one of the provincial associations that comprise the CMTA Membership, ... Research and evidence informed practice is the cornerstone of education and training for MTs in Canada and is an integral component in massage therapy treatment plans for Canadian Patients.
