

Where can I buy a lithium solar battery?

Canbat has exported millions of batteries around the world and continues building its network of battery distributors in Canada and internationally. If you are interested in our lithium solar batteries for your off-grid power needs, please complete our contact form and one of our team members will respond soon.

Are lithium batteries good for solar?

Canbat lithium deep cycle batteries offer a high cycle life of over 3,500 cycles at 80% DoD and over 2,500 cycles at 100% DOD. Lithium batteries for solar are particularly great as they do not require maintenance, so you can install them anywhere, even in remote areas, hassle-free and worry-free.

What are the different types of lithium solar batteries?

There are several types of lithium solar batteries. Canbat manufactures the best type of lithium known as Lithium Iron Phosphate (LFP or LiFePO<sub>4</sub>), which is perfect for renewable energy storage.
