

What did Cocos (Keeling) Islands do?

Cocos (Keeling) Islands Island-wide fibre optic cable distribution project. We completed all excavation and trenching, underground service location, asbestos monitoring and sampling, survey and mapping, and project management. The project was finished on budget, with zero safety incidents, and completed a month ahead of schedule. [Previous](#) [Previous](#)

What is fibre optic project Cocos (Keeling) Islands?

Fibre Optic Project Cocos (Keeling) Islands Island-wide fibre optic cable distribution project. We completed all excavation and trenching, underground service location, asbestos monitoring and sampling, survey and mapping, and project management.

How do the Cocos (Keeling) Islands communicate?

The Cocos (Keeling) Islands have access to a range of modern communication services. Digital television stations are broadcast from Western Australia via satellite. A local radio station, 6CKI - Voice of the Cocos (Keeling) Islands, is staffed by community volunteers and provides some local content.

Why are the Cocos Islands called the Keeling Islands?

The territory's dual name (official since the islands' incorporation into Australia in 1955) reflects that the islands have historically been known as either the Cocos Islands or the Keeling Islands. The territory consists of two atolls made up of 27 coral islands, of which only two - West Island and Home Island - are inhabited.

What is the capital of Cocos (Keeling) Islands?

The capital of the Territory of Cocos (Keeling) Islands is West Island while the largest settlement is the village of Bantam, on Home Island. Governance of the islands is based on the Cocos (Keeling) Islands Act 1955 and depends heavily on the laws of Australia.

Are there signs on Cocos Islands?

Sign boards on the island also feature Malay translations. The Cocos (Keeling) Islands consist of two flat, low-lying coral atolls with an area of 14.2 square kilometres (5.5 sq mi), 26 kilometres (16 mi) of coastline, a highest elevation of 5 metres (16 ft) and thickly covered with coconut palms and other vegetation.
