Investment will strengthen Oolu's existing presence in off-grid regions and drive expansion to new West African markets. Aix-en-Provence, July 9, 2018 GAIA Impact Fund, a Francophone-focused venture fund specializing in clean energy, today announced a strategic investment in Oolu, a Senegal-based Y Combinator start-up and one of the fastest-growing ...

La producción de energía solar está directamente relacionada con la cantidad de radiación solar que recibe el panel. En zonas con mayor radiación solar y menos días nublados, la producción será mayor. Sin embargo, incluso en días nublados o con poca luz, los paneles solares pueden generar cierta cantidad de electricidad.

Oolu, a graduate of the renowned Y Combinator accelerator and a trusted provider of solar-based solutions across Nigeria, Senegal, Burkina Faso, and Cameroon, provided clean and affordable energy access to over 800,000 people through a diverse range of DRE systems, including solar home systems, productive use of energy (PUE) solutions, and ...
