Hydrogen the Second Gas Revolution. Hydrogen, as crucial link in the global energy transition, is only as clean as the energy carrier it's made from. For hydrogen to have a meaningful impact on the global energy transition, the production of clean hydrogen has to be scaled up substantially. And this, in turn, requires innovations that make

Oman's capital, Muscat, has proposed a unique approach to urban development, diverging from the high-rise, expansive style of cities like Dubai and Abu Dhabi. The new plan, crafted by urban design firm Broadway Malyan, envisions a mid-rise, environmentally conscious city focused on sustainability, enhanced public transport, and an integrated network of green spaces. This ...
