

What is solplanet AI-lb pro low voltage battery?

Solplanet's new Ai-LB Pro low voltage battery series is a cutting-edge solar energy storage solution designed to optimize solar energy utilisation day and night.

What is the solplanet app?

The Solplanet app makes commissioning and monitoring easy. Our powerful and efficient Ai-LB Pro low-voltage batteries boast a maximum discharging rate of up to 1C, ensuring rapid energy deployment precisely when needed. With the ability to expand up to 160 kWh, they offer scalability and flexibility to meet diverse energy needs.

Are solplanet batteries compatible with a hybrid inverter?

The series stands fully compatible with Solplanet's line of hybrid inverters, offering a comprehensive and cohesive solution for advanced energy monitoring and control. Connect and monitor your battery using our mobile app available in the Apple App Store. Connect and monitor your battery using our mobile app available in the Google Play Store.

Ai-LB Pro Series Low Voltage Battery 5 to 10 kWh Efficient and Intelligent Safe and Reliable User-friendly
o Max. discharging rate up to 1C.
o Expandable up to 160 kWh (32 units for Ai-LB 5K Pro and 16 units for Ai-LB 10K Pro in parallel)
o Automatic identification of parallel master and slave machines
o Online monitoring via Solplanet apps

The seamless integration with Solplanet apps ensures a swift setup and efficient data tracking, allowing users to monitor energy consumption and battery charge/discharge levels effortlessly. ... Our Ai-LB low-voltage batteries are IP65 certified, have all-around BMS protection, and are built with the highest quality cells on the market, giving you the longest battery life cycle possible. And as with all Solplanet's products, you can easily monitor the battery's charge and consumption using our user-friendly mobile application.
