What is a flexopower power station?

The Flexopower power stations are state of the art. The first-generation was developed in collaboration with the University of Johannesburg to replace dual battery systems in overlanding vehicles, launched in 2018. Today, the 3rd generation power station offers the latest features and technology delivering 600W, 700W, 1200W, 1800W and 3000W.

Why should you choose flexopower solar panels?

Flexopower solar panels deliver exceptional performance and durability. Expanding our commitment to energy innovation, we are proud to introduce our new line of portable energy storage systems, designed to meet the dynamic power needs of modern adventurers and professionals alike.

Are flexopower solar panels good for camping?

The Flexopower brand is trusted by campers, overlanders, and commercial alike. Flexopower foldable solar panels are built with shingled solar cells and Teflon encapsulation, making them a trailblazer in output, durability, and aesthetics. This technology offers significant advantages during camping, including reduced losses due to partial shading.

Flexopower Energies (Pty) Ltd, Johannesburg, South Africa offers solar energy solutions for mobile (leisure, geo-services) and high-risk (theft, vandalism, defense) applications. Flexible solar panels perform more economically and reliably in mobile and high risk environments than glass panels. Flexible solar panels are virtually unbreakable ...
