Predator kites are a life-like bird of prey, commonly flown on a short 2 metre line from a telescopic pole where they fly like a real bird. These are our most popular and successful visual bird deterrent. An effective way to protect areas from pest birds. Find out why predator kites are great for bird control. Read now

But applauded for their intuitive, less-is-more approach to design, North Kiteboarding has rocketed, like their flagship kite the Orbit, above and beyond expectations. Alongside the product designs, the team were instrumental in shaping a new brand philosophy that holds to our North heritage while also inspiring groundbreaking innovative solutions.
