Le diagnostic de performance énergieétique est un document technique qui « renseigne sur la consommation énergieétique et le taux d'émission de gaz à effet de serre d'un logement ou d'un bâtiment » (ministère de la Transition ...

Lebanon: Energy intensity: how much energy does it use per unit of GDP? Click to open interactive version. Energy is a large contributor to CO 2 - the burning of fossil fuels accounts for around three-quarters of global greenhouse gas emissions. So, reducing energy consumption can inevitably help to reduce emissions.

Skoollee is the best school information management system, student information system, and integrated mobile apps. It manages multi-curricula, admissions, registration, exams, grading, assessment, extra-curricular activities, tuition fees, bus transportation, and more.

In 1991 GES became a subsidiary of the Edwin L. Heim Company. As one of the largest electrical contractors in Central Pennsylvania, the Heim Company provides solid financial support to GES. As a result, GES is able to take on both large and small projects, while continuing to grow as a stable, innovative organization.
