

Who is Morningstar Corporation?

With over 4 million products sold in over 100 countries since 1993 -- functioning in some of the most extreme environments & mission-critical applications in the world -- Morningstar Corporation is truly "the leading supplier of solar controllers and inverters."

What products does Morningstar offer?

Morningstar designs solar charge controllers, inverters, and accessories for off-grid and grid-tied battery backup systems through its Professional and Essential Series. Browse our product types below.

What makes Morningstar a good company?

It's important for us to have tested, proven, reliable components... Morningstar offers its products through a network of distribution partners. Morningstar manufactures and supplies solar charge controllers and inverters. Over 4,000,000 off-grid solar products deployed globally since 1993.

Why should you choose Morningstar electronics?

Some are certified for hazardous locations and are standard in the oil & gas industry, for example. Others are proven in demanding telecommunications, mining, security, transportation, and other sectors. Morningstar electronics even power the world's largest off-grid solar residential project in Peru, supplying electricity to over 200,000 homes.

Solar Charge Controllers With over 4 million products sold in over 100 countries since 1993 -- functioning in some of the most extreme environments & mission-critical applications in the world -- Morningstar Corporation is truly "the leading supplier of solar controllers and inverters."
