

Heading the list of the NAS battery's advantages are long discharge times, six hours and more, large capacities available from 10s to 100s of megawatts, and long life; rated at 15 years, 4,500 cycles at 100% DOD." ...

The NGK representative said that the six hours of storage in each battery cell reduces total system cost versus lithium batteries. Lithium-ion systems tend to combine several one-hour duration battery cells, "which increases the integration costs". NAS battery systems are also less sensitive to external temperature conditions.
