The Central African Republic is characterized by a humid equatorial climate in the south and a Sahelo-Sudanian climate in the north. The country receives rainfall throughout the year of up to 240mm a month. The average temperature on any given ...

The Central African Republic (RCA) suffers from pervasive insecurity and an absence of state authority in much of the country. A series of peace deals between the government and various armed groups have been repeatedly breached. Violent attacks against civilians, including sexual violence, are an acute risk in many areas. ...

6 <sup>6</sup> Central African Republic, landlocked country located in the centre of Africa. The area that is now the Central African Republic has been settled for at least 8,000 years. The earliest inhabitants were the probable ancestors of today's Aka (Pygmy) peoples, who live in the western and southern forested regions of the country. The slave state of Dar al-Kuti occupied the ...
