

The SELCO company history. SELCO has its origin in the Danish switchgear manufacturer Lauritz Knudsen A/S who in 1960 was the first in the world to protect a generator with robust, solid state electronics! In 1968 Lauritz Knudsen A/S merged with another major switchgear manufacturer, NES. Through the next decade the company was named LK-NES.

The company specializes in designing and manufacturing temperature controls, including custom solutions tailored to meet specific needs, thermistors, electronics, probes, and molded products. Selco's product offerings also include digital panel meters and wire harness assemblies, all engineered to provide precise and reliable performance.
