

Milence selected Pixii to develop a robust and scalable BESS for the Venlo charging hub. A Pixii PowerBase system was installed with a 520 kW / 1.1 MWh battery energy storage capacity, supported by a total of 13 PowerShaper cabinets-one of which was deployed in addition to the main PowerBase setup.

Pixii's compact BESS is fully integrated, enabling you to get the most out of new or existing solar installations, maximizing self-consumption. ... PowerShaper - Residential. PowerShaper Indoor. PixiiBox. All products. Case studies. CASE: EV charging. Charging ahead - Milence and Pixii's solution for E-truck charging.

Pixii PowerShaper combines state-of-the art technology with high performance efficiency, reliability and reliability. Users can maximize the storage of energy and use with features such as smart grid integration and advanced ...

The Pixii battery energy storage system is modular, easy to scale and quick to deploy. It comes with smart functionality, allowing you to reduce your energy costs, open new revenue streams, and get the most out of your PV installation ... Pixii PowerShaper XL family. Addressing more energy hungry applications with the PowerShaper XL family.

Get more out of your solar investment and enable fast EV charging with Pixii's smart battery energy storage system, reducing energy cost and making your building greener. The Pixii PowerShaper is fully Integrated, and connects with ...

Pixii has signed a memorandum of understanding with the Provincial Electricity Authority (PEA) of Thailand and I2 Enterprise Public Company Limited to collaborate on a project to develop battery energy storage systems to support PEA's power grid.

As a Norwegian company, Pixii takes pride in adhering to the highest standards of quality and security. Our robust approach to product development, manufacturing, and maintenance integrates multi-layered security protocols, well-documented product specifications, component-level traceability, online yield monitoring during production, stringent testing ...

The Pixii Gateway is a built-in powerful controller, enabling you to connect with, monitor, and control all components within the system, as well as external sensors and other hardware at your site. ... PowerShaper Indoor. Monitoring and control. Related markets. Commercial and industrial. Reduce energy cost and unlock new revenue streams to ...

The Pixii Gateway is a built-in powerful controller, enabling you to connect with, monitor, and control all

components within the system, as well as external sensors and other hardware at your site. ... PowerShaper Indoor. Monitoring ...

Pixii is happy to announce that Rexel will distribute Pixii's products in Sweden, a key market for Pixii's smart energy storage solutions. Together with its installation customers, Rexel will target commercial and public property owners and industries with Pixii PowerShaper cabinets as well as the residential market with the newly launched ...

The PowerBase is a robust energy storage system built on a steel frame with the footprint of a standard ISO 20-foot container. Pre-wired and pre-configured, it minimizes installation costs and delivery time, accommodating up to 12 Pixii ...

The Pixii Home battery energy storage system is quick to install and easy to use, helping you get more out of your solar panels and reduce your dependency on the grid. Pixii Home is a compact, all-in-one solution that combines cost-saving and ...

Merging Pixii's innovative energy storage solutions with Sparkion's advanced energy management goes beyond meeting industry demands; it sets a new standard for seamless, efficient, and environmentally responsible EV charging solutions" Kenneth Bodahl, Chief Executive Officer of Pixii Kenneth Bodahl, Chief Executive Officer of Pixii

The Pixii OEM Inverter kit is a rack mountable bi-directional inverter shelving kit that provides OEM manufacturers with a modular and scalable inverter, designed for use by manufacturers of small- and large-scale Battery Energy Storage Systems (BESS). ... PowerShaper PoleTop. Related markets. Commercial and industrial. Reduce energy cost and ...

Cost-saving battery services. Arbitrage: Maximizes the use of energy purchased at low prices from the grid, enhancing cost efficiency by optimizing consumption during high-cost periods. Peak shaving: Lowers energy costs by active and reactive reduction of peak demand charges. Power boost: Grid upgrades can be expensive and time consuming. Avoid the ...

As part of our commitment to support India's renewable energy goals, Pixii has opened a new office in New Delhi. This marks an exciting new chapter in our global journey, as we help drive the energy transition in one of the world's ...
