

Does Senegal need a solar power plant?

Senegal's power sector has been historically reliant on costly fuel imports, with about 80 percent of its energy mix being oil-based. "The Kael and Kahone solar power plants exemplify our commitment to supporting Senegal's transition to cleaner, more affordable energy, while creating business opportunities for local communities.

How many people in Senegal will get solar power?

Nearly 540,000 people in Senegal will get access to clean and affordable power following the launch of two solar photovoltaic (PV) plants, financed by IFC, the European Investment Bank and Proparco, under the World Bank Group's Scaling Solar program.

When will West African energy open a gas power station in Senegal?

West African Energy, a Senegalese energy company, plans to open Senegal's first and largest 300 MW combined cycle gas power station in January 2024.

Who owns Senegal's power?

Senelec owns 15%, while West African Energy controls the remaining 85%. The project, located near Dakar, will use indigenous gas, potentially reducing Senegal's power rates. Turbines are supplied by General Electric, while engineering and construction are handled by Calik Enerji. Sendou - 125 MW

Who sponsors Senegal's energy plants?

The two plants are sponsored by Engie, Meridiam, and the Senegalese Sovereign Wealth Fund for Strategic Investments (FONSIS). The competitive tendering was led by Senegal's Energy Regulatory Commission (CRSE).

What is Senegal's energy policy?

The IEA's Energy Policy Review of Senegal 2023, published today, finds that energy is at the heart of Senegal's 2035 strategy for accelerating sustainable development and economic growth known as the Plan Sénégal 2035, or the Emerging Senegal Plan.

ENGIE, Meridiam and FONSIS (Senegal's Sovereign Strategic Investment Fund) announce the commissioning of two photovoltaic power plants in Senegal with a total production capacity of 60MW - Kahone Solaire SA (35MW) and Kael Solaire SA (25MW) - located respectively in the regions of Kaolack and Diourbel, in the center of the country.
