Since 2017 Energy Partners have been the experts in solar, energy storage and long-term energy saving solutions. From installs to tariff optimisation, we have the experience to guide you, with straight forward advice and decent prices. Behind the scenes, our passionate team ensure you'll get the best solar solution available.

Switching to solar for your home energy needs is a thrilling process -- but it can be intimidating, too. Thankfully, with Solar Energy Partners on your side, you can trust you're getting the best of the best. With Solar Energy Partners, you can rest assured knowing you're getting the top solar panels in the industry.

A reliable grid (aka 24/7 electricity) is great for solar as no backup systems are required (generators or energy storage). Moreover, a reliable grid ensures that excess energy needs are met from the grid and excess solar PV generation is fed into the grid.

SEP is your partner in the solar energy space. From finding the best solar system for your home to partnering with the most trusted installers, our team at SEP will take you each step of the way to find a solar solution designed to meet your needs. ...
