Ask r/seychelles We're getting married in late November, and are planning to go to Seychelles in the second week of December. I did some research and saw that there will be a bit of rainfall. I would really really love and appreciate advice on which places and beaches we can visit that will have the least rainfall. I would love to explore less ...

Seychelles has a moderate level of inequality according to data but I personally believe it's a fair bit greater than what it's said to be due to corruption. The cost of living is fairly high compared to average income because a lot of goods are imported and Seychelles' economy took a hit during the pandemic and is still recovering.

principais empresas de informática, a Victoria Computer Services Ltd., Space 95 e a MBM Seychelles Ltd., em setembro de 1996.

If you want to learn more, please check out our subreddit r/Seychelles. Not currently a lot of activity there but hoping to grow by time. Reply reply [deleted] o I didn't mention this, but also Seychelles has the highest HDI (Human Development ...

Seychelles is an island country located in the western Indian Ocean, northeast of Madagascar and about 1,600 kilometers east of mainland Africa. Covering a total area of 446 km² (172 mi²), the country consists of an ...

Of course, Seychelles is miles away from anywhere, so for consumers the market is a bit boring; for the lucky few who can afford it, escaping the islands once or twice a year is almost essential, either for some much needed shopping or simply to recharge (ironically, we ...
