Fronius, the family-owned company based in Upper Austria, is often associated with the booming photovoltaics industry. But it wasn't always this way: if you look back at the first 30 years of its youngest "Solar Energy" business segment, you'll see that it was only in recent years that this branch developed into the company's new driving force.

Fronius, a pioneering company in the solar energy industry, has unveiled a visionary commitment to sustainable value creation in collaboration with the European solar sector. At the Production Power Summit ...
