

Is the Sora Hype real?

The Sora hype is real. Not too long after a group of artists "leaked" the video-generating model, OpenAI officially launched Sora and its faster "Turbo" variant to (almost) everyone. As expected, Sora (sora.com) is not yet available in most European countries.

What is Sora Turbo?

During its 12-day streaming event, the Microsoft-backed AI company also announced the launch of Sora Turbo, an upgraded and faster version of its tool, following its initial preview in February. This version is now available exclusively to Plus and Pro users and enables up to 1080p resolution videos in various formats.

Is Sora available in chatgpt team & Edu?

This version is now available exclusively to Plus and Pro users and enables up to 1080p resolution videos in various formats. "Sora is not included with ChatGPT Team, Enterprise, or Edu. It is also not currently available to people under the age of 18," the company mentions further.

How does ExpressVPN unblock Sora?

ExpressVPN's 3,000+ servers feature obfuscation technology to evade VPN detection. With this, you can unblock Sora and other web services worry-free. The vendor's app is also intuitive and simple to use. Moreover, its multiple configurations give you total control over functionality.
